

Alkalising Filtration Systems

Premium Drinking Water Filter Systems

pH Balanced Alkaline Water
Helps stabilize your body's pH

Transforms Acidic Drinking Water
Enjoy Alkaline, Calcium Ion Water

Installed with Your Choice of System
to compliment it's filtration qualities

WaterMark Certificate
No.: 23124

The Australian WaterMark Standard Approval of this system is your guarantee of quality.

The AlkaHydrate filter cartridge can be incorporated as an additional stage to most of our standard filter systems including both countertop and undersink models.

- ◆ The featured Water Shop AlkaHydrate filter cartridge will provide you with water that is energised and mineralised.
- ◆ Helps stabilise your body's pH balance
- ◆ Ideal for those looking to reduce acidic toxic waste in the blood, tissues and fluids of the body, allowing it to adhere to a more alkaline state required by most human metabolic processes.

Alkalisating Filtration Systems

The Ultra High Purity Plus Reverse Osmosis Undersink

5 Stage System with AlkaHydrate Filter

The Ultra High Purity Reverse Osmosis Undersink with AlkaHydrate filter offers superior water filtration in a compact, undersink design. This system efficiently removes all contaminants such as chlorine, pesticides, Fluoride and heavy metals. Included is a reservoir/tank holding approximately 10 litres of pure water enabling you to dispense on demand.

Filter Stages

- 1 Sediment Pre-Filter **Made in USA**
- 2 Carbon Pre-Filter **Made in USA**
- 3 Ultrafine TFC RO Membrane **Made in USA**
Pure Water Storage Tank
- 4 Carbon Post-Filter **Made in USA**
- 5 AlkaHydrate Filter **Made in USA**

'Twist-Off' cartridges

Ensures a simple, hygienic, no mess means of system maintenance.

The Doulton Twin Fluoride Undersink

3 Stage System with AlkaHydrate Filter

The Doulton Twin Fluoride Undersink features a Fluoride removal filter followed by the Doulton Ultracarb®. This combination delivers drinking water free from bacteria, parasites, chemicals, heavy metals and Fluoride.

The additional third stage AlkaHydrate filter provides enhanced water that is both energised and mineralised.

Filter Stages

- 1 Fluoride Filter **Made in USA**
- 2 Doulton Ultracarb Filter **Made in UK**
- 3 AlkaHydrate Filter **Made in USA**

The Ultra High Purity Plus Reverse Osmosis Countertop

4 Stage System with AlkaHydrate Filter

The Ultra High Purity Reverse Osmosis Countertop delivers water free from chemicals, pesticides, heavy metals and Fluoride. Plus with the added convenience of portability it is ideal for those renting.

Filter Stages

- 1 **Carbon Pre-Filter** Made in USA
- 2 **Ultrafine TFC RO Membrane** Made in USA
- 3 **Carbon Post-Filter** Made in USA
- 4 **AlkaHydrate Filter** Made in USA

No mains plumbing required

Simply attaches to your existing kitchen faucet/aerator using the included fittings.

About the AlkaHydrate Filter

Raises pH Level

A series of different medias are used to effectively raise the pH level of your drinking water. Alkaline water helps our body dissolve and dispose of acid wastes naturally.

Adds Natural Minerals

Introduces natural, ionic minerals such as Calcium, Magnesium, Potassium and more. These are absorbed by the body to improve strength and function of body processes.

Lowers ORP

Significantly increases the negative ORP (Oxygen Reduction Potential) enabling it to decrease the oxidation of substances or cells, thus serving as a potent anti-oxidant.

What is ORP?

ORP – Oxidation Reduction Potential - is the ability of water or any other media to oxidise (or more importantly – decrease the oxidation) of another substance or body. For example - air, with a positive ORP will oxidise metal thus causing corrosion or rust. Essentially, any substance that oxidises, disintegrates. Water with a negative ORP has the ability to decrease oxidation hence prolonging the life of a substance or in this case our physiology.

Filtration Process

Included with the purchase of an undersink system is your choice of standard filter faucet, at no extra cost

Standard Filter Faucets

Featuring a bright chrome finish and fitted with an included base plate.
